PERFORMANCE OF 31 LOS ANGELES CITY COLLEGE STUDENTS WHO  
ACHIEVED ACADEMIC HONORS AT THE UNIVERSITY OF CALIFORNIA AT  
LOS ANGELES GIVES FURTHER EVIDENCE THAT JUNIOR COLLEGES CAN  
PROVIDE GOOD PREPARATION FOR UPPER-DIVISION UNIVERSITY WORK.  
ALTHOUGH THREE QUARTERS OF THESE STUDENTS WERE NOT ELIGIBLE  
FOR THE UNIVERSITY ON COMPLETION OF HIGH SCHOOL, THEIR  
ATTENDANCE AT THE CITY COLLEGE HAD ENABLED THEM TO CORRECT  
THEIR DEFICIENCIES. THERE WERE NO STRIKING SIMILARITIES IN  
THE CHARACTERISTICS OF THE STUDENTS, E.G., 20 WERE MALE, FIVE  
WERE OF FOREIGN BACKGROUND, THEIR AGES RANGED FROM 20 TO 54  
(MEDIAN AGE, 24, HALF WERE FROM LOS ANGELES CITY HIGH  
SCHOOLS, THEY REPRESENTED 16 DIFFERENT MAJORS (SIX IN  
ENGINEERING, FIVE IN ART), THEY HAD A 3.29 GRADE POINT  
AVERAGE, THEY AVERAGED 65 UNITS AT LACC, AND 12 RECEIVED THE  
AA DEGREE. OF THE 18 FOR WHOM SCHOOL AND COLLEGE ABILITY TEST  
SCORES WERE AVAILABLE, NINE SCORED BELOW THE MEDIAN FOR  
COLLEGE FRESHMEN IN EITHER VERBAL OR QUANTITATIVE ABILITIES.  
ONLY TWO STUDENTS SCORED IN THE TOP DECILE IN BOTH ABILITIES,  
WHILE FIVE HAD COMBINED VERBAL AND QUANTITATIVE SCORES IN THE  
TOP DECILE. OF TWO STUDENTS WHO FELL BELOW A C AVERAGE IN  
THEIR FIRST SEMESTER AT THE UNIVERSITY, ONE WAS DISMISSED.  
HE WAS SUBSEQUENTLY REINSTATED AND REACHED THE DEAN'S HONOR  
LIST THREE YEARS LATER. (HH)

## **"SOME CHARACTERISTICS OF LACC TRANSFERS WHO EARNED ACADEMIC HONORS AT U.C.L.A."**

### **PURPOSE OF THE STUDY**

In September 1967, the UCLA Office of Relations with Schools sent to LACC a list of 31 former LACC students who had received academic honors at UCLA. These honors included election into honor societies such as Phi Beta Kappa and Tau Beta Pi, honors at graduation, awards of fellowship and scholarships, and inclusions on Dean's Honor Lists. Seven of the students won two or more honors.

The purpose of this study is to investigate some of the characteristics of these students, particularly in reference to their performance while at LACC.

### **PROCEDURE OF THE STUDY**

Admissions Office and Counseling records were searched to obtain pertinent information. Also, first semester grade reports previously sent by the UCLA Office of Relations with Schools furnished information as to high school eligibility determination. The Appendix to this report details the available information for each student.

### **FINDINGS**

LACC permanent record cards were found for all 31 students. UCLA first semester grade reports were not available for five students. SCAT scores were found for 18 of the 31. The following observations are based on information (detailed in the appendix) obtained from these sources.

**FINDINGS (continued)**

Twenty (65%) of the thirty-one students were male. Five were of foreign background. Ages (as of 1966) ranged from twenty to fifty-four with a median age of 24. Half of the students were products of a Los Angeles city high school. Sixteen different majors were indicated for the students with six in Engineering and five in Art heading the list. Grade point averages earned at LACC and in the first semester at UCLA were both figured to be 3.29. Average number of units attempted at LACC was 65, with 12 students completing requirements for the AA degree.

Half of the students for whom SAT college aptitude tests were available scored below the median for college freshmen in either verbal or quantitative abilities. Only two students scored in the top decile in both verbal and quantitative abilities, while the combined verbal and quantitative scores for five students were in the top decile.

Two students found themselves in academic difficulty their first semester at UCLA, falling below a C average. One student was in fact dismissed, only to be reinstated and placed on the Dean's Honor List three years later.

Possibly the most significant statistic to be observed is that, of the twenty-six students for whom information was available, twenty-one (81%) were ineligible to attend the University directly from high school.

**CONCLUSIONS**

This report of 31 students obtaining academic honors at UCLA adds more evidence to the already well established truth that junior colleges provide high level preparation for upper division University work. The fact that three fourths of the students were not eligible to enter UCLA directly from high school but were, after a tenure at LACC, later able to earn high academic honors at the University is a tribute to the LACC faculty and staff.
